Activity:

We shall pair-up attendees to take a test-drive around Skipton, in one of their innovative electric vehicles, lasting around 10/15 minutes per drive (depending on numbers taking part). Whilst driving round we'd like you to take 3 photographs on your mobiles (per person), highlighting your favourite views within Skipton. These photographs will be submitted for judging and the winner will be able to take the electric car home on loan for a weekend. It's an opportunity to share news about your businesses, meet up with other members, air views, share concerns, provide support to one another and enjoy Skipton!

Those not driving have time to connect with members, discuss forthcoming events in Skipton, topics for monthly meetings and forthcoming meeting dates; i.e. Dates for your diaries – future meeting dates, venues and information.

7.30 pm Close of get together

Please note these times are approximate.
